Subject: Invitation to take part in a research about green chemistry in fashion and textiles

Dear Sir/Madam

I am writing to ask for Your kind cooperation to fill out the questionnaire of a survey on the worldwide leaders in *green chemicals* for textiles.

The survey will be the basis for a *strategy and statistical Report* analysing the reaction of the chemical industry to the textile supply chain call for safer and environmentally friendly products that was triggered by recent environmental campaigns and fashion brands commitments to sustainability.

You can fill out the questionnaire [online clicking on this link](#), or download a PDF version of the questionnaire to be sent back to survey@blumine.it or by fax to +39.02.700.422.913

The participation in the survey is free and implies no cost. Answering the survey questionnaire is a 15 minutes task. Individual responses will not be disclosed and published only in aggregate statistical form in a report that will be presented in September.

For any questions do not hesitate to write to survey@blumine.it, You will have a feedback within 24 hours.

About us:

Sustainability-lab is the largest social network in Italy focusing on textiles, fashion, and sustainability. We have published in 2014 a Survey based Report on *Fashion Brands Sustainable Procurement*. The Report can be [downloaded free of charge at this link](#):

Sustainability-lab.net is an open project by Blumine srl

We look forward to Your participation in the Survey

Best regards.

The Survey staff at Sustainability-lab
